## Setting up the TV

The TV can be mounted to a wall or the stand can be attached if the TV will be positioned on an entertainment center or stand.

### Attaching the stand

If you are not mounting the TV to a wall, use the following instructions to attach the stand.

#### CAUTION

- When attaching the stand to the TV set, place the screen facing down on a cushioned table or flat surface to protect the screen from scratches.
- Make sure that the screws are fastened tightly. (If they are not fastened securely enough, the TV may tilt forward after being installed.)
- Do not tighten the screws with too much force; otherwise they may be damaged and come loose later.

#### NOTE

- Remove the stand before installing the TV on a wall mount by performing the stand attachment in reverse.
